Project Spotlight

Glue-Lam Erectors, Inc. New Office

Congratulations to Glue-Lam Erectors on their new office building. SWS provided the laminated materials and decking for the new office building. Kyle Heminger and Rory Wray have been selling and installing glue laminated projects with SWS for nearly 10 years. We are excited to see their continued progress in this industry and look forward to our continued partnership.

Merry Christmas & Happy New Year!

Structural Wood Systems would like to take this time to thank you for your continued support in 2020. While this has been a year unlike any other, we are blessed to have been able to continue manufacturing quality custom products for our amazing customers. We appreciate your business and look forward to supplying your glulam needs in 2021.

The beautiful decking stands out against the stained trusses. We look forward to seeing the completed building and grand opening.
